JUNE  
2022

05/06 17.48 - 07/07 04.00

## BING WU 丙午 (Fire Horse)

This year in June, we find the Fire Horse, the apex of Yang energy and activity. It will be a month of "excesses", both positive and negative, so the important thing is not to set goals greater than the time and resources available, and not to trust others too much.

For this month it is better to avoid potentially dangerous places or activities.

## LUCKY DIRECTIONS

In this month the ordinal directions are more favorable than the cardinal ones. Particularly the North West and South East. Those who hold authority roles, and those who have the main door in the North West, could have positive news, including economic ones. In the South East is recommended to spend more time. Try to use the North East sectors especially at work.

## PAY ATTENTION TO...

NORTH  
SOUTH  
EAST

The North, South and East present challenging transits, which can create problems if important activities are carried out in these areas. In the East, avoid noisy activities (especially if you have children) and if you sleep in the South, pay attention to your health, with an extra regard for what you eat and physical activity. Attention to the Center of the house: avoid changes and discussions, same in the North!

MAGIC WORDS OF THE MONTH:  
CAUTION, ATTENTION, COHERENCE

## WHAT TO DO?

Il mese di Giugno segna quasi sempre la conclusione delle attività portate avanti durante l'anno. Finiscono le scuole, finiscono i corsi... Perché non dedicare Giugno al decluttering? Se ti sei attardata/o con il cambio degli armadi, è il momento ideale per organizzarsi e vendere o regalare le cose che non usi più. Inoltre è un buon momento per dedicarsi a svuotare la casa degli oggetti in eccesso, sfruttando l'energia estremamente attiva di questo mese.
